Bangkok											
	Bangkok Intl Airport						lata / Icao code		BKK	VTBD	
Info:	Spotten kan vanuit het restaurant. En wellicht ook vanaf de golfbaan die tussen de beide banen ligt. De militaire kant van Don Muang kun je zo opreiden, en een self guided tour doen, met enige voorzichtigheid. Met enig inclusief het museum, zo'n 200 kisten aan de militaire kant weghalen.

Korat											
	Mil Airfield						lata / Icao code				
Info:	From outside the base you can hardly see anything from the airfield itself, there is a road which runs right beneath one approach end (near one of the main, airforce base, gates). But you will hav In Thailand there also not so happy about taking pictures of aircraft, atleast that's my experience. So, becarefull if photographs is your main goal...

Phuket											
	Phuket Intl Airport						lata / Icao code		HKT	VTSP	
Info:	Voor de rest is alleen de luchthaven van Phuket enigzins interessant, en als je rond oud-en-nieuw gaat, de luchthaven U-Tapao (veel Russen, maar die zijn begin januari allemaal weer pleite). Voor vlekken moet je naar I Hua Hin. De resterende luchthavens, hoe groot/nieuw dan ook, zijn absoluut de moeite NIET waard.
